

A Resource for Parents

The Compass in the Classroom was designed for school and religious education teachers. Parents are now the teachers, and homes are now the classrooms.

For this reason, The Compass offers 3 MONTHS FREE and worksheets to help you and your student.

Top 3 Ways to Use:

1. Use the Kids' Page by Bishop David Ricken
2. Download The Compass in the Classroom worksheets available at thecompassnews.org/compass-teacher-worksheets
3. Read and reflect on the Mass readings as a family before Sunday Mass streams. thecompassnews.org/virtualevents
