At-need

We offer you our deepest condolences during this challenging time. Our caring and compassionate staff is here to walk with you through this emotional process to ensure that your wishes for your loved one’s final needs are fulfilled.

We are here to help in your time of need through:

❖ Our caring and compassionate staff.
❖ Traditional, in-ground burial in this historic cemetery.
❖ Entombment in our indoor chapel or outdoor garden mausoleums, or in your own private mausoleum.
❖ Inurnment in-ground, in a mausoleum, indoor or outdoor niche, or outdoor memorial bench.
❖ For veterans and their spouses, a customized entombment or inurnment in our Wall of Honor.

Pre-need planning

In the short, confusing time between the death and burial of a loved one, many family members find they are unprepared — rushing to buy cemetery or mausoleum space and guessing the type of funeral service and memorial their loved one wanted. That’s why it is best for everyone to decide and purchase well in advance.

Benefits of Advance Planning

❖ Alouez Catholic Cemetery Pre-planning Togetherness: These important choices should not be left to one person. Together, you can fully discuss what is best for you and your loved one.
❖ Emotional control: Make clear and thoughtful decisions without the overwhelming grief and sorrow that occur after death.
❖ Financial advantages: Purchasing at today’s discounted, pre-need prices will ease future financial burdens for your family.
❖ Location: Choose a final resting place appropriate for you.
❖ Peace of mind: Knowing you’ve made these loving, responsible decisions for the people you most care for.

More than 50% of Americans ages 45-75 have already pre-planned!

Cemetery & Mausoleum Locations of the Deceased

If you are interested in locating a loved one, we are able to look up the names in our database and provide visitors with a map to locate their loved one.

Outdoor Garden Mausoleums

Outdoor mausoleums offer a variety of remembrance options, such as a garden area, patio or courtyard. This type of entombment is ideal for those who prefer an above-ground accommodation but also want the openness of the outdoors. Unique landscaping and statutory features throughout these areas provide a tranquil setting and lasting impression for visiting loved ones.

Private Mausoleums

Private mausoleums offer a unique opportunity to establish a personal and family-specific memorial in a prominent manner. Private mausoleums afford an outlet to express a family’s heritage and to ensure members of the family are forever close to one another.

Cemetery Burial

Traditional in-ground burial allows the utmost individual preference and memorial customization on our meticulously maintained grounds. Personalized memorials can be simple or elaborate, making ground burial both flexible and affordable for any budget. Graves are available in any number, from a single site to large, sectioned-off family estates that provide enough space for generations well into the future.

Mausoleum Entombment

Mausoleum entombment is increasingly popular. Our broad range of entombment styles, in three basic categories, are tailored to personal and family preference at a cost usually comparable with ground burial.

In addition to individual crypts, we offer three types of double crypts:
❖ “True companion” (two lengthwise entombments);
❖ “Side-by-side companion” (two entombments next to each other);
❖ “Tabby” (one entombment below floor-level and one above it).

Prices vary by location and classification. For example: upper-level crypts are less expensive than eye-level crypts.

Indoor Chapel Mausoleums

Indoor chapel mausoleums offer various types of interior areas surrounding a dedicated functioning chapel that is used for committal services and communal Masses. These indoor facilities provide elegant, climate-controlled settings for year-round visitation and are highlighted by peaceful liturgical features.

Cremation Inurnment

The simplicity, dignity and affordability of cremation makes it an increasingly popular choice among U.S. Christians. We offer a wide variety of cremation niche spaces and memorialization options throughout our properties.

We offer several options for indoor and outdoor inurnment:
❖ Indoor: Stained glass, marble, glass and bronze niches.
❖ Outdoor: Cremation benches and rocks, cemetery cremation burial and outdoor niches.

Trellis Units

Trellis units allow you to view a beautiful urn of your loved one. Two new trellis units have recently been installed in our mausoleum.

Monuments & Markers

Let our experts assist your decision on what is available and acceptable in the Alouez Catholic Cemetery.
❖ Grave markers & monuments
❖ Committal plaques
❖ Cremation benches
❖ Memory benches

Types of Burials

Alouez Catholic Cemetery is able to respectfully accommodate your personal, familial, emotional, financial and spiritual preferences. Traditional ground burial is offered along with indoor and outdoor mausoleums, and many styles of dignified cremation memorials. Our experienced Family Service Counselors will assist you in deciding which memorial best fits your needs and expectations.

I believe an inward call to pastoral care brought me to this position. In ministry here there are times that empathy, compassion and consolation are all that can be offered. Supporting families in their walk through the grieving process is a privilege that continues to bless and humble me each day. I am hopeful that in all I do, I can give peace of mind to the families that I interact with, whether pre-planning or after the loss of a loved one.
